

# FM Handover Sheet 09

project originator volume level type role number status revision

LAB - BBD - ZZ - XX - DR - Z - 3009

The screenshot displays the MainManager software interface. On the left, a 'Detailed WIO Filter' sidebar contains various search criteria. The main area shows a 3D model of a building with a red arrow pointing to a specific component. Below the model, a table lists work order details:

W/O No.	Phases	Site	Location/Object	Account manager	Space usage

On the right, a 'Work order - Google Chrome' window is open, showing a detailed form for 'RDS 0103'. The form includes sections for Originator, Location, Classification, Job Categorisation, and Managerial accounting. A red arrow points from the 3D model to the 'Asset / Object' field in the work order form.
